HISTORIC BUILDING INVENTORIES NOW ONLINE

In 1983 and 2014, select historic buildings in the Village of Trumansburg and the Hamlet of Jacksonville were studied by the New York State Department of Parks, Recreation, and Historic Preservation. The inventories include photos and narrative descriptions of the buildings and their histories. The Town has made these available online through our Public Portal to public documents. From our homepage (Ulysses.ny.us), find the link at the bottom right to Public Portal. Click on the folder “Public Documents for Ulysses” and you’ll see the historic inventories listed. Properties are listed by street address. You can also follow this link:
