Town Supervisor (607) 387-5767, Ext 232 supervisor@ulysses.ny.us  
 Town Clerk (607) 387-5767, Ext 221 clerk@ulysses.ny.us

**Information for NEW WATER HOOK UPS**

7/6/18

**APPLICATION INFORMATION:**

- Permits are issued when the application is complete and fee is paid.
- Permits are valid for one year.
- A sample site plan sketch/drawing of the project must be submitted and must include the following:
  - The location of your well, septic system, driveway and notable landmarks (like trees).
  - The desired location of your new meter
  - The distance (in feet) from the water hook up on your property to the tap into the town’s main line.

**CONSTRUCTION INFORMATION:**

- Please refer to the Ulysses’ Standard Specifications guide for specs (available on town’s website at [ulysses.ny.us](http://ulysses.ny.us) or in clerk’s office)
- Only town- approved contractors may perform construction. Check the town’s Approved Contractor List, or complete the New Contractor Application if necessary.
- The following usually apply to new buildings. PLEASE NOTE: Only town- approved contractors may perform these jobs- please coordinate with the Water District Operator.
  - Taps and curb valves
  - If a water line needs to go under the road, applicable permits will need to be secured from the Town of Ulysses Highway Superintendent.
- The town will install the water meter and remote reader and bill the property owner for the cost of the equipment.

**INSPECTION INFORMATION:**

- ***No piping of any kind may be covered until it has been inspected by Town of Ulysses Water District Operator.***
- ***Please schedule your inspection with the town at least 72 hours in advance.***
- As per Local Law #3 of 2003, section 4.8, “Pipes and appurtenances thereto on the customer’s property shall be kept in good repair and protected from the frost by the customer at their own expense”. Please refer to the full law (on town website or available on request) for further information regarding customer/town responsibilities.
- Commercial properties will need a cross-connection inspection to determine if backflow prevention is needed.

**FEES:**

<b>PLUMBING PERMIT- includes the following:</b>	<b>FEE:</b>
